

SERVICE BULLETIN

Title: IE End-of-Life**Timeline: By June 15th, 2022****Subject: Enabling IE Compatibility Mode in Edge Browser for CFS Systems**

We are reaching out to notify you of the upcoming end-of-life of Internet Explorer, effective June 15, 2022. After this date, Internet Explorer will no longer launch on Windows 10 PCs. We are aware of this change and have done our due diligence to test various solutions and workarounds to ensure that your systems remain unaffected after the change takes place. We are recommending our customers utilize the IE Compatibility Mode on the Microsoft Edge browser. If further instructions on enabling Compatibility Mode are needed, please reach out to marketing@mycfs.com.
